6. Sent by courier to Phyllis Seymour of the International Government Operations Subcommittee three maps of Laos which she requested on 27 June.

7. Discussed with Mr. Roland Severy in the Bureau of the Budget several pieces of legislation in which we have an interest. (See memorandum for the record of 2 July for further details.)

8. Advised Harry Little, DB/P, that it appeared extremely unlikely that any action would be taken on the Foreign Service Act draft proposals.

9. Advised Mr. McMahon on the staff of the Senate Internal Security Subcommittee that we had not translated the Russian publication giving instructions to British and French communists on how to acquire parliamentary majorities. McMahon inquired as to whether we were in a position to translate this document. FDD is working on this and will advise.

10. Talked with Don Kerlin, Assistant Staff Director, Senate Post Office and Civil Service Committee. Kerlin indicated that he did not expect any action by the full Committee on S. 3611 or S. 3888 (Senator Clark's Career Service proposals from which CIA is exempt). On S. 4004, which authorizes the detaching of Government employees to international organizations and on which we have no objection, Kerlin feels there may be some action in this Congress.
